PERMIT #471

WEDNESDAY
APRIL 25
2007

This is your opportunity to:

- Hear from a pioneer in the field of vascular biology.
- Learn about the latest ACS discoveries and how they impact your patients.

The 44TH Annual Carl J. Wiggers Memorial Lecture
**New Insights into the Pathophysiology
of the Acute Coronary Syndromes**

WEDNESDAY, APRIL 25, 2007

6:00 - 7:00 P.M.

Registration & Reception

7:00 P.M.

Dinner

7:45 - 9:15 P.M.

New Insights into the Pathophysiology
of the Acute Coronary Syndromes

Peter Libby, MD, FACC

*A Brief History of the Carl J. Wiggers
Memorial Lecture*

The Carl J. Wiggers Memorial Lecture was established in 1963, the year of Dr. Wiggers' death. He retired in 1953 as Chairman of the Department of Physiology at Western Reserve University. He was President of the American Physiological Society and wrote almost 400 scientific papers and eight textbooks. He founded the journal *Circulation Research* in 1952. His legacy, however, is that he trained many of the world's cardiovascular leaders. Carl Wiggers personally trained 38 department heads and/or research directors.

PLANNING COMMITTEE

Mark E. Dunlap, MD, FACC, *Chair*
Kenneth J. Bescak, MD, FACC
Robert E. Hobbs, MD, FACC
Elizabeth S. Kaufman, MD, FACC
Wael Khoury, MD, FACC

Michael S. Lauer, MD, FACC
William R. Lewis, MD, FACC
George I. Litman, MD, FACC
Sharon Mack, CNP
Praful V. Maroo, MBBS, FACC

Registration Form *(register online at www.ohioacc.org)*

About *the* 2007 Carl J. Wiggers
Memorial Guest Lecturer

Peter Libby, MD, FACC

Peter Libby, MD, is the Chief of Cardiovascular Medicine at the Brigham and Women's Hospital in Boston, Massachusetts. He also serves as the Mallinckrodt Professor of Medicine at Harvard Medical School. Dr. Libby directs the D.W. Reynolds Cardiovascular Clinical Research Center at Harvard. His current major research focus is the role of inflammation in vascular diseases such as atherosclerosis. Dr. Libby has received numerous awards and recognitions for his research accomplishments, including the 2006

Distinguished Scientist Award of the American College of Cardiology. His areas of clinical expertise include general and preventive cardiology.

An author and lecturer on cardiovascular medicine and atherosclerosis, Dr. Libby has published extensively in medical journals including *Circulation*, *Journal of Clinical Investigation*, *Proceedings of the National Academy of Sciences*, *New England Journal of Medicine*, and *Nature*. He is Editor-in-Chief of the coming edition of *Braunwald's Heart Disease*. Dr. Libby has also contributed the chapters on the pathogenesis, treatment, and prevention of atherosclerosis to *Harrison's Principles of Internal Medicine*. He has held numerous visiting professorships and has been selected to deliver over 50 named or keynote lectures throughout the world. In 2007, Dr. Libby will deliver the Mikamo Lecture at the Japanese Circulation Society, the Lichtlen Lecture in Davos, Switzerland, and the Chapman Lecture at Baylor College of Medicine in Houston, Texas.

Dr. Libby's professional memberships include the Association of American Physicians, the American Society for Clinical Investigation, and honorary membership in the British Atherosclerosis Society. He currently serves as the President of the Association of University Cardiologists. He has served in many roles as a volunteer for the American Heart Association, including chairman of several research committees and member of the executive committees of the Councils on Arteriosclerosis, Circulation, and Basic Science. He has frequently served as a consultant to the National Heart, Lung, and Blood Institute (NHLBI), including a 5-year term on the Board of Scientific Councilors. He was the recipient of a MERIT Award from the NHLBI.

Dr. Libby earned his medical degree at the University of California, San Diego, and completed his training in internal medicine and cardiology at the Peter Bent Brigham Hospital (now Brigham and Women's Hospital). He also holds an honorary MA degree from Harvard University.

General Information

Registration

The registration fee includes the pre-meeting reception, dinner and educational materials. *Parking is not included in the registration fee.*

Physician: \$50
Cardiac Care Associate,
Office Staff, FACC Emeritus: \$40
Resident, Fellow or Student: \$30

You can register online
at www.ohioacc.org.

Cancellations

Cancellation requests must be received by Wednesday, April 18, 2007. No refunds will be made after that date.

Meeting Location

The Ritz-Carlton, Cleveland
1515 West Third Street
Cleveland, Ohio 44113
216-623-1300

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Ohio State Medical Association (OSMA) through the joint sponsorship of The MetroHealth System and Ohio Chapter of the American College of Cardiology. The MetroHealth System

is accredited by the OSMA to provide continuing medical education for physicians.

The MetroHealth System designates this educational activity for a maximum of 1.5 AMA PRA Category Credit(s)TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Cardiologists, Cardiovascular Trainees
and Cardiovascular Nurses

Educational Objectives

- Describe the role of inflammation in the pathophysiology of acute coronary syndromes.
- Discuss the genetic basis for the development of vulnerable atherosclerotic plaque.
- Appraise the new therapies for the treatment of atherosclerotic plaque and acute coronary syndromes.
