MESSAGE FROM THE CO-CHAIRS

Dear Ohio-ACC Colleague,

It is our pleasure to invite you to the Ohio-ACC's 26th Annual Meeting in Columbus. Our annual conference is the ideal setting for the entire cardiovascular team to join together, learn and network. The program committee has created an agenda that reflects joint areas of interest.

The topics are dynamic and focused on value-based, patient-centered care. Whether you are a general cardiologist, electrophysiologist, interventionalist, administrator, nurse or fellow, we look forward to welcoming you to Columbus in October.

See you in October!

Elisa and Kara

Elisa A. Bradley, MD, FACC

Kara J. Quan, MD, FACC

Co-Chairs, Annual Meeting
Ohio Chapter of the American College of Cardiology

Ohio Chapter-ACC 26th Annual Meeting

October 15, 2016 | The Columbus Hilton at Easton | Columbus, Ohio

Friday, October 14

12:00 noon - 2:00 p.m. **MACRA Round Table** - *Please invite your cardiovascular administrator to join you, and register via the "Register" link.*

MACRA Readiness: Top 10 Things You Need to Know, How to Get Your Practice & Service Line Ready, Understanding How the New Mandatory Episodes Integrate with MACRA

Cathleen Biga, RN, MSN and Kelly J. Scheiderer, RHIA, MHA

Saturday, October 15

7:00-8:00 a.m. **Registration, Exhibits, Posters, and Continental Breakfast**

8:00-8:50 a.m. **MI and the Older Adult: Changing Demography and Impact on Care**
Joseph S. Alpert, MD, FACC

8:50-9:40 a.m. **Peripheral Arterial Disease in 2016 and Beyond: Walk this Way**
Gary M. Ansel, MD, FACC

9:40-10:25 a.m. **Break, Exhibits, Poster Competition**

10:25-11:10 a.m. **Gene Therapies for CAD and HF: Can We Reverse the Failing Heart?**
Marc Steven Penn, MD, PhD, FACC

11:10 a.m - 12:00 p.m. **Navigating the New Health Care Horizon: Out with SGR, in with MIPS – What You Need to Know**
Cathleen Biga, MSN, RN and Mary Norine Walsh, MD, FACC

12:00 noon -12:45 p.m. **Lunch Break, Exhibits, Posters, Networking Round Tables: Look for a table that interests you!**

12:45-1:45 p.m. **5th Annual Richard P. Lewis Memorial Lecture**
Geriatric Cardiology: Octogenarian Pearls
Nanette K. Wenger, MD, MACC

1:45-2:15 p.m. **Fellows-in-Training Oral Competition**

2:15-3:00 p.m. **FFR and CTA: When Evaluating Anatomy Isn't Enough**
Subha Raman, MD, FACC

3:00-3:15 p.m. **Announcement of Poster Winners and Oral Competition Winners**

A Brief History of the Richard P. Lewis Memorial Lecture

The Richard P. Lewis Memorial Lecture was established in 2012. Dr. Lewis received a B.S. degree from Yale University in 1957 and his M.D. from the University of Oregon in 1961. He interned and served a residency in internal medicine at the Peter Bent Brigham Hospital in Boston, followed by a fellowship in cardiology at the University of Oregon and a year as a senior resident in medicine at Stanford. Commissioned a captain in the US Army Medical Corps in 1966, Dr. Lewis served a two year tour as associate chief of cardiology at the Madigan Army Hospital in Tacoma, Washington. He then returned to Stanford for a year as an instructor in medicine.

Madigan was just the beginning of his military career. He remained in the US Army reserve and ultimately reached the rank of colonel. Dr. Lewis began his career at the Ohio State University School of Medicine in 1969 as an Assistant Professor of Medicine, progressing to full Professor, with fifteen years as director of the division of cardiology and ultimately as an emeritus professor who never retired from patient care and teaching.

For nearly forty years Dr. Lewis was a devoted fellow of the American College of Cardiology. His leadership roles in the College were legion, from governor for Ohio, to trustee and president of the College in 1996-1997. All the while, his passion was education and patient care. For more than 20 years he was one of the most active members of the Editorial Board of ACCEL, the College's audio journal. Over the years he did literally hundreds of interviews in this country and around the world.

But perhaps the hallmark of Dr. Lewis' contributions to the College was his dedication to innovations in cardiovascular education. He was the founding editor of the American College of Cardiology Foundation's Adult Clinical Cardiology Self-Assessment Program (ACCSAP) and editor of the seventh edition of ACCSAP at the time of his death. He was a member of the College's Lifelong Learning Committee, the CardioSmart Advisory Board, the ACCIS Editorial Board and a variety of other committees. For many years he chaired the SAP Editorial Board and was instrumental in expanding ACC educational products into international markets.

Dr. Lewis has been described as an icon of quality care and clinical excellence throughout his remarkable cardiovascular career. He was viewed as a mentor, a trusted leader and a friend by all who knew him. Although Dr. Lewis was recognized internationally as a distinguished academic cardiologist and educator, he believed, and practiced throughout his career, that for a doctor, there is no mission more sacred than giving care and comfort to every patient.

About the 2016 Richard P. Lewis Memorial Guest Lecturer

Nanette K. Wenger, MD, MACC

Dr. Wenger is Professor of Medicine in the Division of Cardiology at the Emory University School of Medicine. She is a Consultant to the Emory Heart and Vascular Center.

Coronary heart disease in women is one of Dr. Wenger's major clinical and research interests. She chaired the U.S. National Heart, Lung, and Blood Institute Conference on Cardiovascular Health and Disease in Women. Dr. Wenger has expertise in cardiac rehabilitation. She chaired the World Health Organization Expert Committee on Rehabilitation after Cardiovascular Disease, and co-chaired the Guideline Panel on Cardiac Rehabilitation for the U.S. Agency for Health Care Policy and Research. Dr. Wenger has had a longstanding interest in geriatric cardiology, is a Past President of the Society of Geriatric Cardiology and was Editor-in-Chief of the American Journal of Geriatric Cardiology for more than 15 years.

Dr. Wenger received the Outstanding Professional Achievement Award from Hunter College (1993), and the Physician of the Year Award of the American Heart Association (1998). In 1999, Dr. Wenger received the Distinguished Achievement Award from the Scientific Councils of the American Heart Association and its Women in Cardiology Mentoring Award. She was chosen by Atlanta Women in Law and Medicine for Shining Star Award recognizing her distinguished career in cardiology and women's health issues.

In 2000, Dr. Wenger was presented the James D. Bruce Memorial Award of the American College of Physicians for distinguished contributions in preventive medicine (2000). In 2002 she received the Distinguished Fellow Award of the Society of Geriatric Cardiology. In 2003, she was included in the National Library of Medicine Exhibition Changing the Face of Medicine: A History of American Women Physicians. Dr. Wenger received the Gold Heart Award, the highest award of the American Heart Association (2004).

Continued, next page

At the Emory University 2004 Commencement, Dr. Wenger received the Emory Williams Distinguished Teaching Award of the University and the Evangeline Papageorge Alumni Teaching Award of the Emory University School of Medicine. Dr. Wenger was selected to deliver the 2004 Laennec Lecture of the American Heart Association. In 2006, Dr. Wenger received the Hatter Award, international recognition for the advancement of cardiovascular science. The Georgia Chapter of the American College of Cardiology presented Dr. Wenger its Lifetime Achievement Award in 2009. She was selected Georgia Woman of the Year for 2010. In 2011, Dr. Wenger was selected to deliver the James B. Herrick lecture by the American Heart Association for her outstanding achievement in clinical cardiology. She was elected a member of Emory's 175 Historymakers during Emory's first 175 years.

In 2012, Dr. Wenger received the Charles R. Hatcher, Jr., MD, Award for Excellence in Public Health from Emory University; and was honored in 2013 by the establishment of the J. Willis Hurst, R. Bruce Logue, and Nanette K. Wenger Cardiovascular Society for Emory Cardiology Trainee Alumni. In 2013, she received the Inaugural Distinguished Mentor Award of the American College of Cardiology and the Arnall Patz Lifetime Achievement Award of the Emory University School of Medicine Medical Alumni Association. The American Society of Preventive Cardiology honored Dr. Wenger by naming an annual Nanette K. Wenger Distinguished Lecture focusing on cardiovascular prevention in women (2014).

In 2015, she was awarded the Inaugural Bernadine Healy Leadership in Women's CV Disease Award, American College of Cardiology.

Dr. Wenger has participated as an author of several American College of Cardiology/American Heart Association Clinical Practice Guidelines. She is past Chair, Board of Directors, Society for Women's Health Research. Dr. Wenger serves on the editorial boards of numerous professional journals and is a sought after lecturer for issues related to heart disease in women, heart disease in the elderly, cardiac rehabilitation, coronary prevention, and contemporary cardiac care. She is listed in Best Doctors in America.

Dr. Wenger has authored or coauthored over 1500 scientific and review articles and book chapters.

Professor of Medicine (Cardiology) Emeritus
Emory University School of Medicine
Consultant, Emory Heart and Vascular Center
Atlanta, GA

CALL FOR POSTERS

Visit <http://www.ohioacc.org/2016-annual-meeting/> for submission details.

All current Ohio fellows in an Ohio cardiology training program, current Ohio-ACC CV Team Members (RN, NP, CNS, PA, PharmD), and current Ohio internal medicine residents are invited to participate in the Ohio-ACC Poster Session on Saturday, October 15. There are cash prizes! Visit <http://www.ohioacc.org/2016-annual-meeting/> for complete details.

Statement of Need

Cardiovascular disease is the leading health care problem throughout the world. In the United States alone, an estimated 70 million people have been diagnosed with one or more forms of cardiovascular disease (CV), and over 910,000 Americans die from CV disease each year. The cardiac care team is increasingly asked to develop systems of care, the methods for which are not necessarily part of the traditional medical training. We are asked to do this better, faster, more efficiently and at a lower cost.

Overall Goal

The overall goal of this activity is to increase learner competence by discovering strategies to anticipate research-driven changes in practice, to enhance professional growth, and to demonstrate efficacy in team based patient care practice as new clinical approaches and technologies change. The Ohio Chapter-ACC Annual Meeting will include education that provides needs-based learning covering a thorough overview of peripheral arterial disease, imaging, gene therapies for CAD & HF, legislative issues, and geriatric cardiology.

Learner Objectives

Upon completion of this program, participants should be able to:

- Discuss tools and regulations that impact the practice environment and highlight the crucial role that ACC plays in shaping the practice environment.
- Recognize important geriatric syndromes and challenges commonly seen in cardiovascular patients, including atrial fibrillation, heart failure with normal systolic function, isolated systolic hypertension, falls, incontinence, polypharmacy, multimorbidity, delirium and dementia, and learn multidisciplinary management strategies.
- Analyze how Personalized Medicine will change the way cardiovascular practitioners will practice medicine in the future.
- Discuss the appropriate selection and use of cardiac imaging in patients with cardiac disease.
- Review the evidence behind the medical treatment of PAD, such as antiplatelet therapies, ACE I, beta blockers, and statins.

Target Audience

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists

Disclosure Policy

As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANCC), the American College of Cardiology Foundation (ACCF) must ensure balance, independence, objectivity and scientific rigor in all of their directly provided or jointly provided/co-provided educational activities. Planners, presenters, and other contributors, in a position to control the content are required to disclose to the audience all relevant financial relationships he/she and/or his/her spouse or domestic partner may have, occurring within the past 12 months, with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. When an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, the contributor should disclose that the product is not labeled for the use under discussion or that the product is still investigational.

ACCF is committed to providing its learners with high-quality activities and materials that promote improvements and quality in health care and not a specific proprietary business or commercial interest. The intent of this disclosure is not to prevent participation in educational activities by persons with a financial or other relationship, but rather to provide learners with information on which they can make their own determination whether financial interests or relationships may influence the education activity.

ACCF assesses conflicts of interest (COI) with its faculty, planners, managers, staff and other individuals who are in a position to control the content of CME/CNE activities. All relevant potential conflicts of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, and patient care and safety recommendations.

Accreditation

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Cardiology Foundation and Ohio Chapter of the American College of Cardiology. The American College of Cardiology Foundation is accredited by the ACCME to provide continuing medical education for physicians.

The ACCF designates this live educational activity for a maximum of *6.0 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credits commensurate with the extent of their participation in the activity.

Nurses

American College of Cardiology Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The ACCF designates this live educational activity for a maximum of 6.0 continuing education hours. Each attendee should only claim credits commensurate with the extent of their participation in the activity.

While offering credits noted above, the course is not intended to provide extensive training or certification in this field.

Acknowledgment

At the time of printing, a complete listing of industry supporters was not available. Appropriate acknowledgment will be made upon confirmation of support and at the time of the program.

Registration

You may register online at www.ohioacc.org. The registration fee for the meeting includes educational materials, continental breakfast, break, and lunch.

Physician

- Ohio-ACC Member - \$90
- Non-Member Physician - \$100

Cardiovascular Team Member (RN, APN, PA, Pharmacist) or Cardiovascular Administrator

- Ohio-ACC Member - \$60
- Non-Member - \$70

Other

- Fellow-in-Training - FREE with pre-registration
- Resident - \$10

Cancellations

Cancellation requests must be received by October 7, 2016. No refunds will be made after that date.

Meeting Location

Hilton Columbus at Easton
3900 Chagrin Drive
Columbus, OH 43219
(614) 414-5000

Accommodations

Call The Hilton Columbus at Easton for room reservations by September 13, and mention the Ohio-ACC meeting. The special discounted rate is \$195 + tax. Guest check in is 4:00 P.M. Guest check out is 12 Noon.

Questions?

Call 1-800-983-OHIO or 614-859-ACC3.
