

Agenda - Ohio-ACC 28th Annual Meeting

October 27, 2018 | Columbus, OH | The Hilton Columbus at Easton

7:00-7:55 a.m. **Registration, Exhibits, Posters, and Continental Breakfast**

7:55-8:00 a.m. **Welcoming Remarks**

Sanjay Gandhi, MD, MBA, FACC

8:00-9:00 a.m.

7th Annual Richard P. Lewis Memorial Lecture

Coronary Microvascular Dysfunction among Women: Is It a pre HFpEF Syndrome?

Carl J. Pepine, MD, MACC

9:00-9:45 a.m. **Issues from the ACC: What Is Impacting CV Providers in 2018**

Richard A. Chazal, MD, MACC

9:45-10:30 a.m. **Break, Exhibits, Poster Competition**

10:30-11:15 a.m. **Pharmacology Rapid Fire**

Pulmonary Hypertension Med Update, Kevin T. Kissling, PharmD, BCPS

PCSK9 Inhibitor Insights, Kelly M Bartsch, PharmD, BCPS, CLS

Moderator: Robert Barcelona, PharmD, BCPS

11:15 a.m.-12:00 noon **Considering DAPT in Difficult Cases**

John McB. Hodgson, MD, FACC

12:00-12:45 p.m. **Lunch Break, Exhibits, Posters**

Networking Round Tables: Look for a table that interests you!

12:45-1:15 p.m. **Fellow in Training Oral Competition**

Blinded Late Gadolinium Enhancement Quantification of Age Matched Adolescent and Young Adult

Becker and Duchenne Muscular Dystrophy Cardiomyopathy

Pace Johnston, MD, Nationwide Children's Hospital

Left Ventricular Outflow Tract Obstruction Leads to Decreased Myocardial Strain in Right Ventricles:

Comparison of Coarctation of the Aorta, Aortic Stenosis, Hypoplastic Left Heart Syndrome and Normal

Patients - *Carmen Kiper, MD, Nationwide Children's Hospital*

1:15-2:00 p.m. **Septal Defects: Imaging and New PFO Data**

Multimodality Imaging of Septal Defects, Kan N. Hor, MD

PFO: To Close, or Not to Close, That Is the Question, K. Dean Boudoulas, MD, FACC

2:00-2:15 p.m. **Announcement of Poster Winners and Oral Competition Winners**

CME/CNE Evaluation & Certification Instructions

Your feedback from this American College of Cardiology (ACC) educational course will help us to better target ACC educational initiatives and efforts to support you and your future learning needs. In order to receive your CME/CNE certificate or certificate of attendance and to claim your MOC points, you must complete a brief evaluation survey online. This survey will be sent via email and will include a direct link to the survey. We strongly recommend that evaluations and credit claims be submitted within one MONTH of the course, but **you must complete them within three months of the course.**

If you do not receive an e-mail from ACCF within fourteen days of the conference, please contact the Chapter office at 614-859-2223.

Disclaimers

Abstracts and articles contained in this course guide have been reprinted with permission.

This information is provided for general medical education purposes only and is not meant to substitute for the independent medical judgment of a clinician relative to diagnostic and treatment options for a specific patient's medical condition.

The American College of Cardiology Foundation (ACCF) does not warrant the completeness, accuracy or usefulness of any opinions, advice, services or other information provided through this activity. In no event will ACCF be liable for any decision made, or action taken, in reliance upon the information provided through this activity.

Accredited status does not imply endorsement by the ANCC or the ACC of any commercial products displayed in conjunction with this activity.

ACCF reserves the right to modify faculty and program without notice.

Learner Bill of Rights

The American College of Cardiology Foundation (ACCF) recognizes that you are a life-long learner who has chosen to engage in continuing medical education to identify or fill a gap in knowledge or skill; and to attain or enhance a desired competency. As part of ACCF's duty to you as a learner, you have the right to expect that your continuing medical education experience with ACCF includes the following.

Content that:

- Promotes improvements or quality in healthcare
- Is current, valid, reliable, accurate and evidence-based
- Addresses the stated objectives or purpose
- Is driven and based on independent survey and analysis of learner needs, not commercial interests
- Has been reviewed for bias and scientific rigor
- Offers balanced presentations that are free of commercial bias
- Is vetted through a process that resolves any conflicts of interest of planners and faculty
- Is evaluated for its effectiveness in meeting the identified educational need

A learning environment that:

- Is based on adult learning principles that support the use of various modalities
- Supports learners' abilities to meet their individual needs
- Respects and attends to any special needs of the learners
- Respects the diversity of groups of learners
- Is free of promotional, commercial and/or sales activities

Disclosure of:

- Relevant financial relationships that planners, teachers and authors have with commercial interests related to the content of the activity
- Commercial support (funding or in-kind resources) of this activity

Disclosure/Conflict of Interest Statement

As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANCC), the American College of Cardiology Foundation (ACCF) must ensure balance, independence, objectivity and scientific rigor in all of their directly provided or jointly provided/co-provided educational activities. Planners, presenters, and other contributors, in a position to control the content are required to disclose to the audience all relevant financial relationships he/she and/or his/her spouse or domestic partner may have, occurring within the past 12 months, with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. When an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, the contributor should disclose that the product is not labeled for the use under discussion or that the product is still investigational.

ACCF is committed to providing its learners with high-quality activities and materials that promote improvements and quality in health care and not a specific proprietary business or commercial interest. The intent of this disclosure is not to prevent participation in educational activities by persons with a financial or other relationship, but rather to provide learners with information on which they can make their own determination whether financial interests or relationships may influence the education activity.

ACCF assesses conflicts of interest (COI) with its faculty, planners, managers, staff and other individuals who are in a position to control the content of CME/CNE activities. All relevant potential conflicts of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, and patient care and safety recommendations.

Statement of Need

The cardiac care team is increasingly asked to develop systems of care, the methods for which are not necessarily part of the traditional medical training, and to perform better, faster, more efficiently and at a lower cost. Identified learning needs for 2018 Ohio CV practitioners include updates in health care legislation, coronary microvascular dysfunction among women, pharmacology updates, dual antiplatelet therapy, and septal defects.

Overall Goal

The overall goal of this activity is to increase learner competence by discovering strategies to anticipate research-driven changes in practice, to enhance professional growth, and to demonstrate efficacy in patient care practice as new clinical approaches and technologies change. The Ohio Chapter-ACC Annual Meeting will include education that provides needs-based learning covering a thorough overview of health care legislation and regulation, coronary microvascular dysfunction among women, pharmacology updates, dual antiplatelet therapy, and septal defects.

Learner Objectives

Upon completion of this program, participants should be able to:

- Identify tools, resources, and regulations that impact the practice environment.
- Review the similarities in the clinical phenotypes of CMD patients and HFpEF patients.
- Analyze the clinical implications of utilizing the newer pharmacological agents in the patient with cardiovascular disease.
- Recognize cases when dual antiplatelet therapy is appropriate.
- Identify various imaging modalities to risk stratify for septal defects and indications for PFO closure.

Target Audience

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists

Accreditation

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Cardiology Foundation and Ohio Chapter of the American College of Cardiology. The American College of Cardiology Foundation is accredited by the ACCME to provide continuing medical education for physicians.

The ACCF designates this live educational activity for a maximum of 4.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credits commensurate with the extent of their participation in the activity.

MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4.5 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Nurses

American College of Cardiology Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The ACCF designates this live educational activity for a maximum of 4.5 continuing education hours (1.5 CNE Pharmacotherapeutic contact hours). Each attendee should only claim credits commensurate with the extent of their participation in the activity.

While offering credits noted above, the course is not intended to provide extensive training or certification in this field.

Faculty

Robert Barcelona, PharmD, BCPS

University Hospitals Cleveland Medical Center
Cleveland, OH

Nothing to disclose

Kelly M. Bartsch, PharmD, BCPS, CLS

The Ohio State University Wexner Medical
Center

Columbus, OH

Nothing to disclose
