Cleveland Clinic Miller Family Heart & Vascular Institute
Cardiac Registry and Analytics Boot Camp

November 13-15, 2019
InterContinental Hotel and Conference Center

Program Details
Cleveland Clinic Heart & Vascular Institute’s Cardiac Registry & Analytics Boot Camp is a multi-day program held at the InterContinental Hotel and Conference Center in Cleveland, Ohio. This is a must attend conference featuring presentations by leading experts in the field. The event will provide overview of current registry best practices, definition education, data validation and accuracy, analytical feedback to clinical staff and physicians, and quality improvement initiatives based on registry outcomes. This multi-track curriculum is designed to be interactive and caters to the learning needs of members with varying levels of experience.

Target Audience
This program is designed for healthcare professionals that work with the Society of Thoracic Surgeons (STS) Adult Cardiac Surgery Database and/or American College of Cardiology’s National Cardiovascular Data Registry® (NCDR) for the purpose of data submission, reporting and continuous quality improvement.

Keynote Speakers
Leading Cleveland Clinic Cardiac Surgeon, Interventional Cardiologist, and Electrophysiologist.

Early Bird discount through August 31, 2019
Registration opens August 1st
Group discounts available to organizations sending three or more participants.
Boot Camp Training
This year’s boot camp will feature morning sessions kicked off by Cleveland Clinic physicians and staff. Presentations will include quality and registry driven topics, clinical process improvement initiatives and how to showcase your cardiovascular program. The afternoons will feature breakout sessions for individual registries. This will provide an intimate learning environment with education, interactive case scenarios and peer discussions.

Registries Featured
As requested, we have expanded our registry education to include nine cardiovascular registries (see agenda below).

Registration
Registration opens August 1, 2019.

http://clevelandclinic.org/cardiacbootcamp

Deadline to register is Friday, October 25, 2019.

Each conference day consists of general session presentations and multiple registry tracks to choose from. Breakfast, lunch and snacks will be provided each day. There is a welcome reception on Wednesday.

General sessions are formulated to educate audience members of all levels and involvement with national registries. Presentations will be provided by Cleveland Clinic physicians and personnel from Cleveland Clinic, OhioHealth and St. Luke's Hospital.

Each registry track is developed to enhance participants knowledge related to data abstraction, validation, analysis and reporting. This will be achieved through lecture, discussion, case scenarios and tangible examples. Registry tracks are intimate and interactive to heighten learning and increase networking opportunities.

Continuing education units (CEUs) will be awarded for sessions attended.

Thank you to the vendors that support this conference. There will be opportunities to talk with each vendor during breaks and lunch.
